FIXED ROOFLIGHT

ODC's fixed size flat rooflight system boasts thermally broken aluminium comprising of 2 x 27mm polyamide inserts for unrivalled U-Values. Glass as low as 0.5 centre pane U values.

These rooflights are designed to be installed on an industry standard pitched 5°, 45mm thick upstand provided by the builder. This ensures minimal pooling of rainwater on the rooflight and a 48mm overhang offers a better weather tight seal.

A robust aluminium structure is very versatile in its design construction and offered in single pane or multipane for larger rooflights.

Bespoke designs available, our trained surveyors will work with your builders to achieve your solutions. They can be free standing or abutted to your wall on 1, 2 or 3 sides. Internal support beams are also available for larger sizes.

FINISH

Available as standard in Jet Black (RAL 9005m) or Anthracite Grey (RAL 7017m) finish with optional pure white on the inside. Bespoke RAL colours are available upon request.

TESTING

- Weathertightness in accordance with BS 6375-1:2015
- Air Permeability test in accordance with BS EN 1026:2000
- Watertightness test in accordance with BS EN 1027:2000
- Resistance to wind load in accordance with BS EN 12211:2000

GLASS OPTIONS

ODC fixed roof lights are supplied double glazed with clear safety glass as standard. There are many additional options including: triple glazed, tinted glass, sound insulating, high performing solar control and obscured.
