## AS INDIVIDUAL AS YOU ARE

All our windows and doors are made to meet your exact requirements. From the design of the window to the colour of the frame and handle, there are almost unlimited options. When you choose ODC Door & Glass Systems, you can make your windows and doors truly individual, a design statement to be proud of.

- Huge range of design options
- SL68 is available in our 3 standard colours of Black, Anthracite Grey and White and a full spectrum of RAL colours and in anodised or dual finishes to marine grade quality
- Optional trickle vent
- Choice of handle colours

## PEACE AND QUIET

Not only is the frame of the ODC SL68 window designed to help eliminate unwanted noise, the system is also flexible enough to allow a glazed unit up to 43mm thick to be specified. This makes it possible to incorporate some quite sophisticated acoustic glazing, which makes a huge difference if you live near a busy road, a railway or an airport.

## TRIED AND TESTED

The ODC SL68 window is purpose-built and has been put through the most stringent test regime, ensuring that it is one of the highest performing and most reliable windows available.

- Premium-quality materials
- Highest levels of performance
- Industry-leading weather resistance
- Air permeability Class 4 600Pa
- Water-tightness Class 9A 600Pa
- Wind resistance Class C4/1600Pa\*\*

## SAFE AND SECURE

- One of the most secure windows available
- Multi-point locking mechanism
- Lockable handle

## ADDITIONAL SECURITY OPTIONS AVAILABLE

Knowing that this window, in certain configurations, has been tested for Secured by Design accreditation means you can rest assured that your home, your family and your prized possessions are as safe as can be from would-be intruders.

- PAS 24:2016 and Secured by Design tested
- Can be connected to intruder alarm system
- Enhanced security with hinge-side security brackets

\* With 1.0 W/m<sup>2</sup> DGU and high performance warm edge spacer.

\*\* Exposure category varies with Width/Height of window and mullion/transom used, as these are the only unsupported members.
