ODC DOOR & GLASS SYSTEMS

CLARITY IN DESIGN

BOLD. BEAUTIFUL. BESPOKE

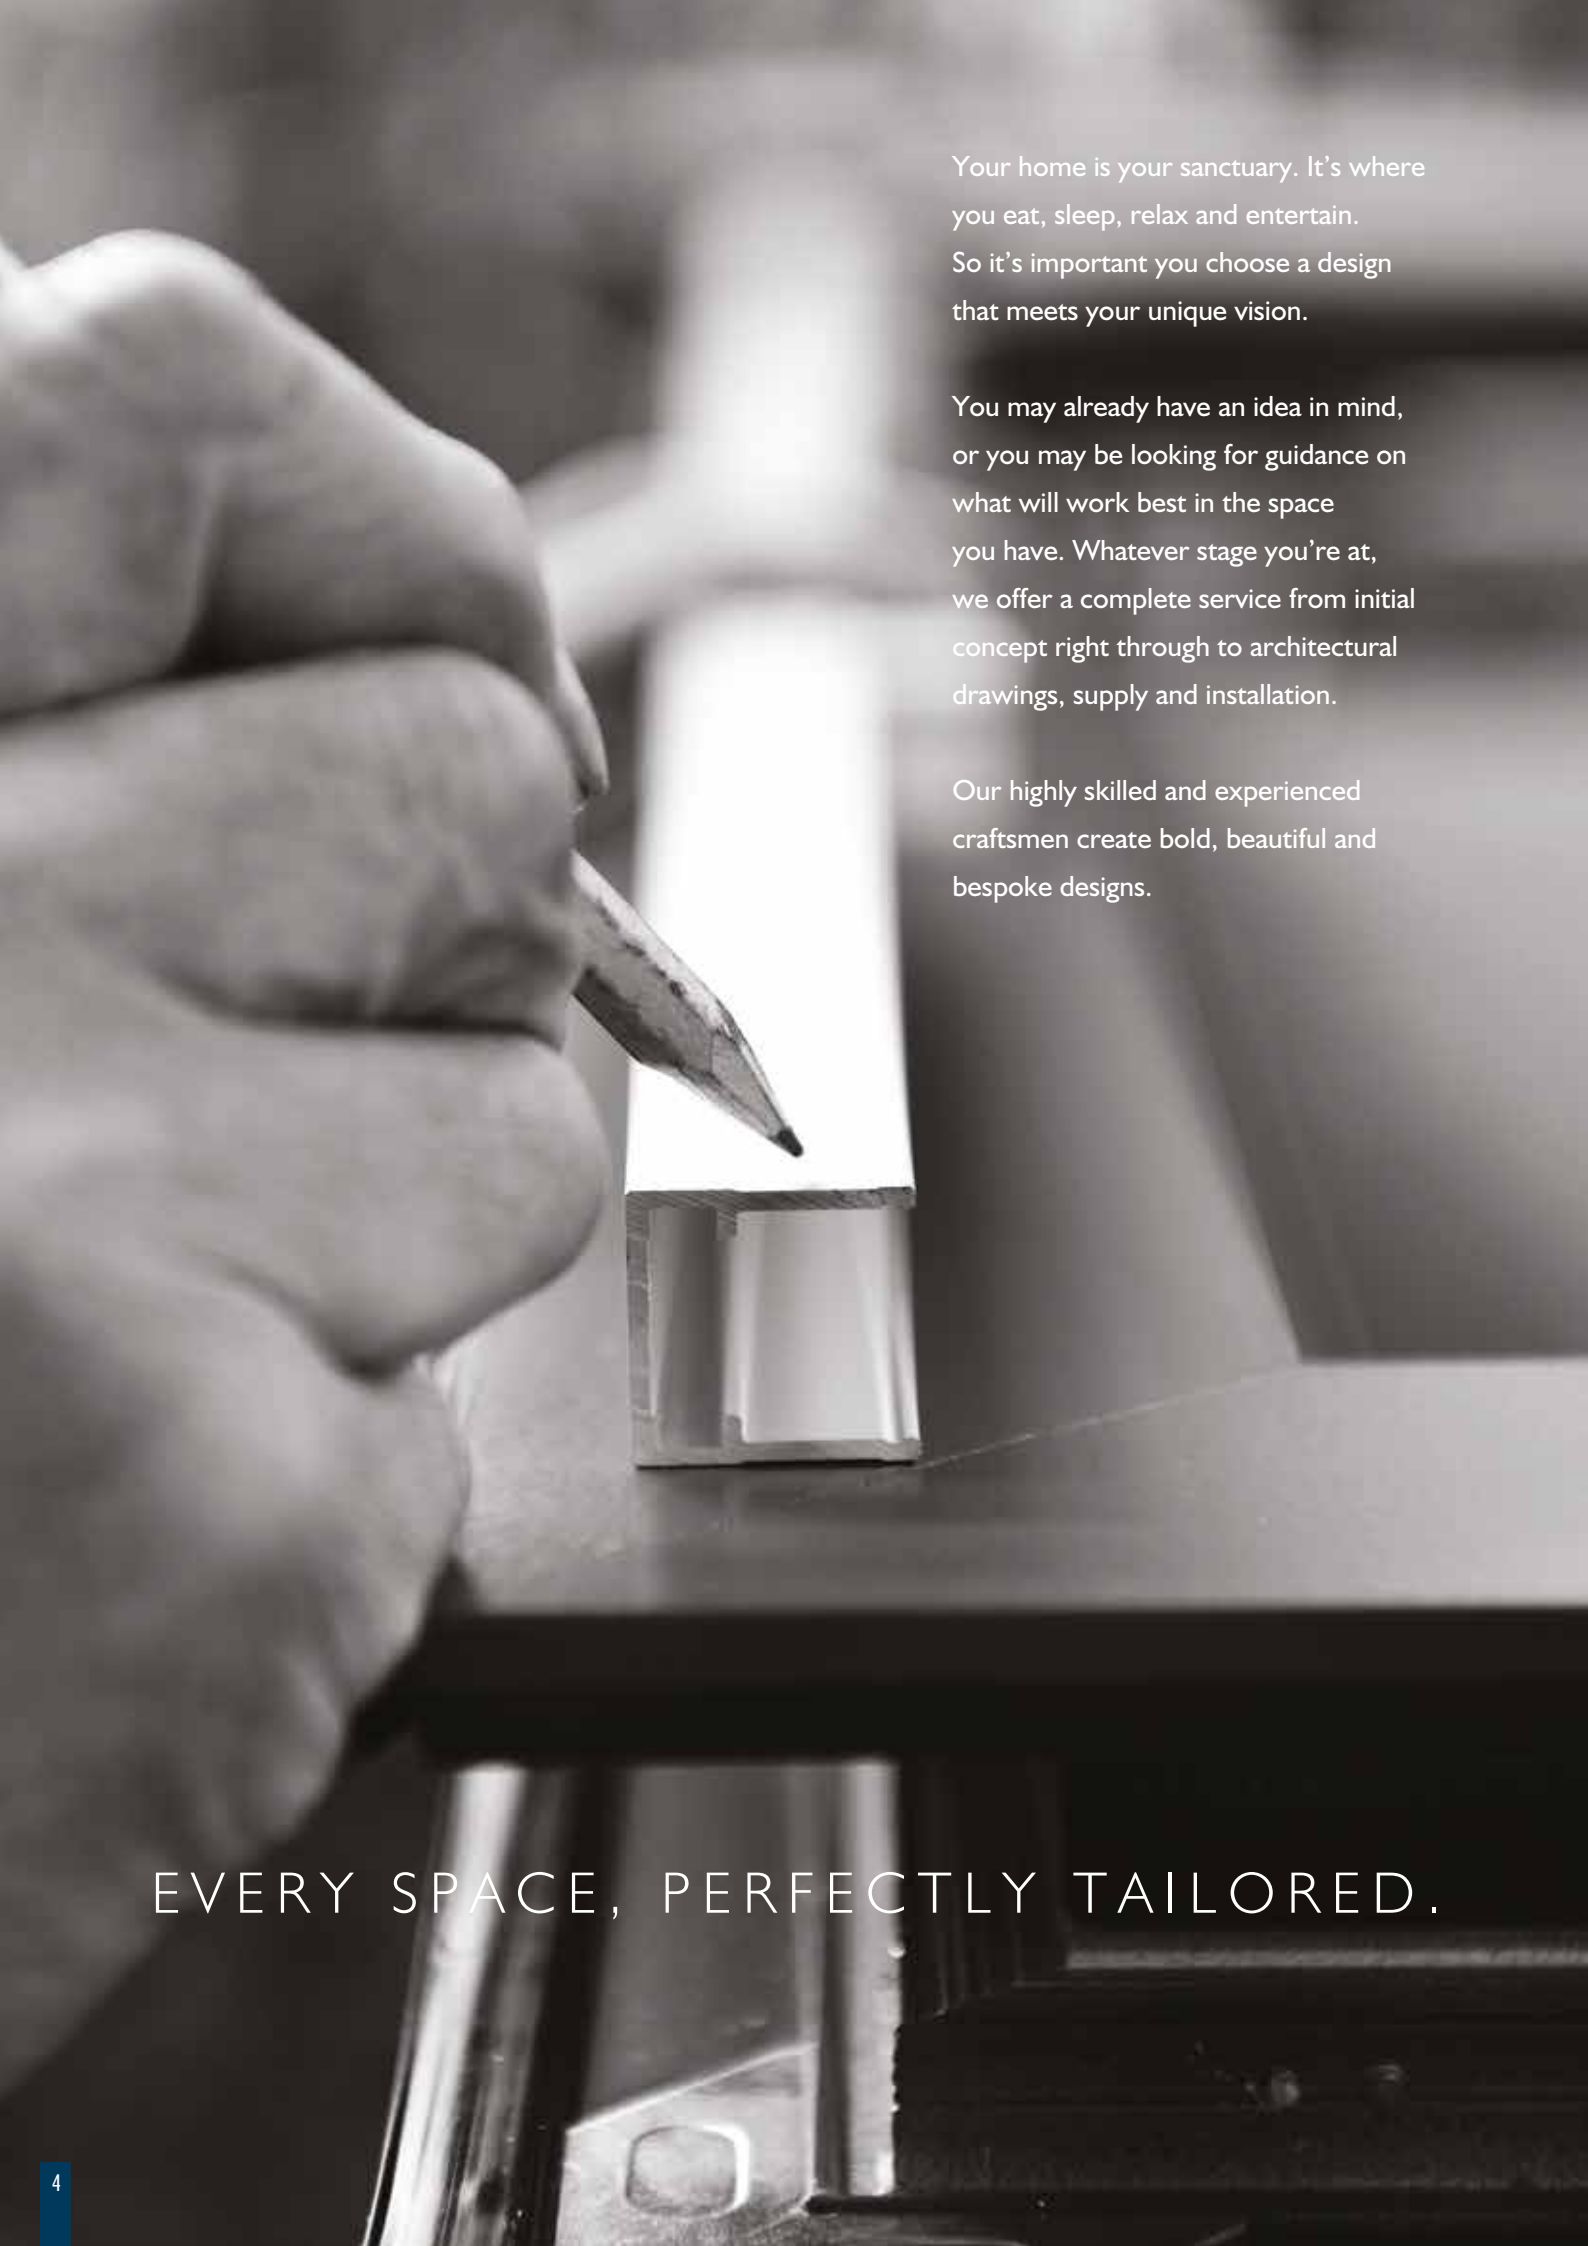

Whether you are embarking on an ambitious renovation project, or simply looking to revitalise your living space, our glazing systems will fill your home with light, air and space.

As ODC is an architectural glazing company who can truly deliver the full service, from manufacture right through to installation, you can be sure that your bespoke glazing solution will be in the safest of hands.

Our designers, engineers and expert installation teams will be with you at every step, ensuring that you are delighted with the end result.

All you need to do is sit back and enjoy...

Your home is your sanctuary. It's where you eat, sleep, relax and entertain. So it's important you choose a design that meets your unique vision.

You may already have an idea in mind, or you may be looking for guidance on what will work best in the space you have. Whatever stage you're at, we offer a complete service from initial concept right through to architectural drawings, supply and installation.

Our highly skilled and experienced craftsmen create bold, beautiful and bespoke designs.

EVERY SPACE, PERFECTLY TAILORED.

FEELING INSPIRED?

SL800 sliding doors | Two panels | Anthracite | 6m height | Two tracks

Ground level: SL800 sliding doors | 3 x 2 panels | Anthracite | Flush thresholds
First floor: SL320 sliding doors | 3 x 2 panels | Anthracite | Flush thresholds | Glass balustrades

A SPACE FOR ALL SEASONS

If you're looking to extend your living area and bring the outside in, our beautiful, practical solutions will open up your home: seamlessly merging house and garden. Giving you comfort, as well as style.

Our state-of-the-art engineering capability brings indoor, outdoor living to life. In all seasons.

CLEARLY TRANSPARENT

Customer satisfaction is how we gauge our success.

Our promise centres on delivering impeccable quality, expertise and after sales service:

Working in partnership with you.
Advising on the optimum approach.
Creating the perfect environment.

You can take our word for it.
Or, you can take someone else's...

“The great thing about ODC is that with the showroom you are able to actually visit and feel the products. The advice and the attention I was given was very professional. The installation was very quick and the end result was absolutely fantastic.”

Mrs I.K, SW London, ODC customer

SL320 sliding doors | Fixed and moving panels | Black | 3m height | Two tracks | Flush threshold

IT'S YOUR SPACE. REDEFINED.

FROM CONCEPTION TO CREATION

We offer a fully bespoke service. So you can relax knowing every detail is cared for, from specification and design to manufacture and installation. In fact, it's so bespoke, you can also pick and mix the specific services you need.

We work at the forefront of our field with a dedicated team of experts focussed on every stage of your project.

Any questions? Talk directly to us.

There are no third parties to deal with. It's all done in house. In short, we take care of everything.

MAXIMISE POTENTIAL

Every project is different - but with one shared thread. All our clients love their home and want to make the most of the opportunities it offers.

Opening up rooms. Moving from entertaining to dining to relaxing. Bringing the outside in. They all create a fresh perspective. But turning the dream into reality can seem challenging.

That's why it's so important to work with people who understand how your home works now. And share your vision for how you want it to work in the future.

“It was a pleasure working with ODC right from the initial contact with their obliging sales team, to the survey team's willingness to accommodate atypical construction sequencing, and right through to the install team's due care in ensuring that the products were properly integrated in accordance with the bespoke interface details.

The minimal frame of the SL700 doors are an integral contributor to the elemental clarity of both the finished space and facade.”

T Williams, Architecture & Bespoke Interiors

LOVE THE SPACE YOU'RE IN

THE SL800 SLIDING DOOR SYSTEM

The opening possibilities of this aluminium sliding glass door system are almost unlimited - opening from the right, the left and from a corner. There are even free-standing corner solutions, so that no post is left standing when opened. Panel sections are almost completely integrated into the surround frame, making this a truly wall, ceiling to floor solution.

INTRODUCING LIGHT

You may be looking for a design that's detailed and ambitious or simple and modest. Whichever route you take, the latest technology and quality British manufacturing will give you the finish and feel you want.

“We are extremely happy with the doors and windows from ODC Glass. The house was designed around our amazing views and we deliberately designed the windows to enhance those views using the thinnest possible sight lines. Being an upside-down house and being surrounded by glass in this way feels like we are virtually living in the open air...when the weather permits!”

All the staff at ODC could not have been more helpful from my initial visit with Johnny to the hardworking fitters who manoeuvred the heaviest panes of glass into place during storm force winds and rain with such good humour.

The follow up care has been excellent too with any snagging issues dealt with considerably and efficiently. The whole experience has been a pleasure from start to finish.”

Mrs J E, Dorset, Sliding Door Systems

ODC SLIDING DOOR SYSTEMS

Passivhaus Certified

ODC SL800 +

The SL800+ has the same minimal sightlines as the SL800, but with the largest panels and the highest specifications in the ODC range. These spectacular sliding doors offer enhanced performance, including Passivhaus standard U values and sophisticated security features.

The Slimmest Frames and Sight Lines

ODC SL320/ SL220

The ODC SL320 is a beautiful 'frameless' sliding system. The slim frames have 20mm visibility, delivering an aesthetic that's perfect for contemporary properties and new extensions. Panels up to 3 metres high open effortlessly with ODC's low-noise glide technology.

The Largest Glazing Panels

ODC SL800

An innovative aluminium sliding door system delivering extraordinary and expansive glazing panels held in minimal frames, the ODC SL800's oversized, sliding slimline floor-to-ceiling doors guarantee light and drama for your home.

Exceptional All Rounder

ODC300

Our popular high-performance aluminium sliding door system offers a great aesthetic, superb weather performance and enhanced security.

For Expansive Views

ODC SL700

The ODC SL700 sliding system has superb thermal values, weather resistance and acoustic performance; doors open effortlessly with ODC's stainless steel low-noise glide technology.

ODC BIFOLDING DOOR SYSTEMS

Slimmest Frames

ODC99A

The ODC99A slimline bifold door system has elegant 99mm sight lines to give your living space a transparent, light and open feel.

ODC99A

Exceptional Height

ODC99AH

The ODC99AH has slim sightlines and with panels up to 3500mm, it's designed for dramatic full floor to ceiling openings.

ODC99AH

Beauty of Wood Inside and Out

ODC143W

Elegant, classic wooden folding doors with a high performance thermal core. fashioned from beautiful natural wood to blend your indoor and outdoor spaces.

ODC143W

ODC147C

Aluminium Out, Timber Within

ODC147C

The ODC147C system offers you the choice of elegant, versatile composite bifold doors featuring a warm timber interior finish and an exterior clad in weather-beating aluminium.

Larger, Wider

ODC121

The ODC121 is an excellent choice for projects requiring taller and wider panel sizes. It's a highly efficient, extremely robust aluminium bifold door system with the ability to take heavier loads than other systems, ideal for large extensions.

ODC121

ODC WINDOW SOLUTIONS

Glass-to-Glass Options

BESPOKE WINDOWS

We can create spectacular fixed or picture window to capture a special view.
Perhaps a glass box window or a frameless glass window seat?

Superior Performance

TILT & TURN WINDOWS

Tilt and turn windows are available as single windows with side and bottom hinges. They open inwards, are tilted for ventilation, or can be turned to allow rapid ventilation, access or easy clean.

Versatile Frames

CASEMENT WINDOWS

Slimline casement windows are available as single windows with side or top hung hinges or as a double opening French style window.

Glazing Bars

ODC METRO

Customise all windows, sliding, folding and external doors for a distinct look and character. Vertical or horizontal bars can capture industrial loft detailing or classic Georgian symmetry.

Wall of Glass

ODC CURTAIN WALLS

Floor to roof line glass curtain walling is now possible for any home with the ODC modular slimline aluminium curtain walling.
